

LANSLOWNE
& COMPANY

advised

on the acquisition of EuroMaint Rail GmbH (EMR)

Lansdowne & Company conducted the commercial & financial due diligence for IICG, a renowned group of international investors, for the successful acquisition of EuroMaint Rail GmbH.

EMR is the leading private operator of maintenance & overhaul services in the rail sector in Germany. The company has approx. 800 employees and provides cargo and passenger railcar services from strategically located sites across Germany. The range of services includes revisions, reconstructions & new constructions as well as wheel set & bogie refurbishment & tank car cleaning.
